About Me

As a Chemistry graduate, I have strong experience in laboratory techniques and data analysis. My research has focused on developing environmental materials and pharmaceutical applications. I possess good skills in English and essential computer skills, and I am committed to safety, teamwork, and continuous learning.

Skills

- Continuous learning
- Proficiency in the English language
- Computer Skills
- Laboratory Techniques
- Data Analysis and Reporting
- Teaching Skills
- Teamwork and Communication
- Management and discipline
- Time manggement
- Prosontation Skills
- Ethical standards

Education

BACHELOR OF CHEMISTRY

2024

Birzeit University , Birzeit

- Acquired a strong foundation in general and organic chemistry, analytical techniques, and laboratory practices.
- Completed coursework in physical chemistry, inorganic chemistry, biochemistry, and environmental chemistry.
- Conducted research on producing bioplastic (PHA) from corn starch for eco-friendly applications.
- Developed practical laboratory skills in the use of modern chemical instruments and techniques.
- Collaborated on group projects and laboratory assignments, demonstrating effective communication and teamwork skills.
- Enhanced critical thinking and problem-solving abilities through rigorous coursework and laboratory experiments
