

ISSR'AALTITI

Chemical Engineer

Jordan, Amman • +962780994196 • issraabdelnaser60@gmail.com • linkedin.com/in/issraaltiti

A highly motivated Chemical Engineering student passionate about self-development and learning. With over five years of experience running a home-based business and tutoring student groups, I possess strong communication, problem-solving, and leadership skills. Additionally, I have been volunteering with the Engineers Syndicate for four years, contributing to various projects. I'm keen on training opportunities to deepen my knowledge.

EDUCATION

Bachelor's Degree in Chemical Engineering

Al-Huson University College - Al-Balqa Applied University

2020 - 2024

Technical Skills:

- Microsoft Office 365 (Excel, PowerPoint...)
- AutoCAD
- Aspen HYSYS
- Aspen plus

Soft Skills:

- Teamwork
- Knowledge management
- Communication and active listening
- Works Well under pressure
- Leadership
- Problem-Solving
- Multitasking
- Communication
- Critical Thinking
- Smart working techniques
- Strong Work Ethic

Language Skills:

□ **English:** Upper-Intermediate (**B2 Level**)
Applied University

□ **Arabic:** Native of bilingual proficiency Al-Balqa'a

GPA: 3.26 with a Very Good

Graduation project:

Removal Of Sour Gases (Hydrogen Sulfide & Carbon Dioxide) From Natural Gas

TRAINING EXPERIENCE

Trainee in Research and Development Department

Jan 2024 - Mar 2024

Al-Balqa'a Applied University

SKILLS & QUALIFICATIONS

Proficient in project planning and coordination, with strong analytical and problem-solving abilities. Well-versed in research tools, leadership, and management, coupled with effective teamwork and communication skills. Demonstrates excellent time management, public relations, and presentation capabilities. Adaptable, quick to respond, energetic, and self-motivated, with expertise in Microsoft Office and Canvas Design

COURSES & CERTIFICATES

- **The Fundamentals of Chromatography** - Alison
- **Behavior-Based Safety- OSHA** - Alison
- **Safe Medication Management** – Alison
- **ISO 9001:2015-Quality Management system (QMS)** - Alison
- **Diploma in Quality Management** – Alison
- **Navigating Cal/OSHA - Fundamentals of Health** from [Alison](#)
- **Diploma in the Principles of Drug Delivery** - Alison
- **Fundamentals of digital marketing** – Google
- **Waste water treatments** - Edrak
- **Project Management for life** - [Edraak ادراك](#)
- **HPLC – High Performance Liquid Chromatography.**
- **The Seven Basic Quality Control (7 - QC) Tools** from- [Alison](#)
- **Prescription Drug Regulation, Cost and Access: Current controversies in context** - Harvard x **Course in Progress** - EDX

VOLUNTEERING

Scientific Committee of Chemical Engineering – Engineers Syndicate

2021 - Present

- Attended the hybrid 9th Jordan International Chemical Engineering Conference (JIC09) as the only student delegate.
- Organizing scientific workshops in coordination with students, professors, and the syndicate, enhancing the academic engagement and professional development of attendees.

Volunteer Lecturer and Summary Provider – GeeksTeam

2020 - Present

- Explained lectures to students and provided them with comprehensive summaries.
- Assisted peers in understanding complex concepts and prepared them for exams.

Scientific Space Team- AESS

I am a member of the Scientific Space Team, where I work on writing specialized scientific articles that highlight the latest developments and updates in the scientific field, with a focus on analyzing their impact on society and the world. Our team strives to provide accurate and reliable scientific content that enhances readers' understanding of scientific changes and how they affect our daily lives and future."

- **A content writer in media** creates compelling and relevant content for various platforms to engage and inform the target audience.
- I'm participating in the NASA Space Apps Challenge, which will take place in Irbid in October.
